Learn simple weaving techniques and create a beautiful basket, up to six inches in diameter, using honeysuckle vines. Your unique natural basket can be put to use or simply put on display in your home.

As you weave your basket, you'll also discover the importance of controlling invasive species, like the Japanese honeysuckle, to protect our native habitat.

Workshop is limited to 20 participants; pre-registration is strongly suggested. Recommended for ages 12 through adult; participants under age 16 must be accompanied by an adult.

**The park entry fee (\$5/vehicle in state, \$7/vehicle out of state) also applies.*
